

[Welcome](#)[User Lists](#)[Add User](#)

Welcome to Coding in React - CRUD Application !

Today you will learn:

- To install and use [Material Design](#)
- To divide an application into components
- To use tables and popups
- To understand what is the Children prop and when can be used
- To create and submit Forms
- To perform Conditional Rendering

ID	Name	UserName	Email	Action
1	Enrique Molinari	emolinari	emolinari@bla.com	More...
2	Lucia Molinari	lmolinari	lmolinari@bla.com	More...
3	Nicolas Molinari	nmolinari	nmolinari@bla.com	More...
4	Josefina Simini	jsimini	jsimini@bla.com	More...
